

News from Jirka and Keira

November 2016

Dear friends,

We really appreciate all your prayer for the Mission Week and Weekend Away, here are some photos of the way things went along with explanations.

MISSION WEEK 10-14 OCTOBER

A music-themed event

An evening discussing different approaches to medicine, the speaker is a Christian doctor.

Many people heard the gospel during the mission week, with the goal to get people along to Christianity Explored. The students

again learned a lot about putting a mission week together.

One of 3 events offered one evening was climbing with Jirka. It was a great opportunity to share the gospel with the non-Christians who came. Jirka carefully co-ordinated his clothing with the interior decor at the sports centre.

WEEKEND AWAY 14-16 OCTOBER - MATTHEW 21, HEBREWS 11 AND THE LIVES OF GEORGE MULLER, LADY JANE GREY AND CHARLES SPURGEON.

There were 22 of us on the Weekend Away. It was a really good time but seemed very short.

Students discuss something with Jirka over breakfast

The students were determined to get through all the planned studies even though it meant late nights. Please pray that they will grow in faith and obedience in Jesus and that what they studied will sink in.

We were asked questions on many topics during the rest times between the studies.

One of afternoon activities offered was climbing

Thank you so much for praying for Jirka as he prepared the talks, and for all the practical arrangements, all went very well and Keira managed the cooking with help from the children.

Game at the Weekend Away venue

CHRISTIANITY EXPLORED

We have 1 male student coming to Christianity Explored. We are really thankful for this. Please pray for him and Jirka as they meet each week.

SEPTIC TANK:

Work on our sewage system has finally started (tank arrived, digger and earth mover working out the back). Please pray there will be no hitches and for us to be able to continue during the time we shouldn't flush the toilets or pour water down the sinks – we're using buckets.

If it takes too long to get the tank and pipes in we will move to plan B and most of us leave for a few days.

We are so thankful to all of you who are supporting this so-needed project, we will get you pictures of progress soon.

MOVING MICE

Every year we get mice trying to share our home with us as soon as it gets cold. This year Simeon caught some in bottles, they were rehomed in a forest 10km away.

Cute house mouse in a bottle.

With much love in Christ,

Jirka, Keira, Jochebed, Barnabas, Simeon and Anezka

(Please let us know at this email if you would rather not receive future Prayer Updates from us)
